Operator:

Principal operator is Deutsche Bahn Aktiengesellschaft (DB). Other operators are shown in the Table headings.

Services:

All daytime trains convey First and Second class seating unless otherwise shown by '2' at the top of the column or in a note situated to the right of the Table heading. Overnight sleeping car (☞) or couchette (☛) trains do not necessarily convey seating accommodation - refer to the panel below for more detail or see individual footnotes. Descriptions of sleeping and couchette cars appear on page 10. Where the light refreshments symbol ☞ is shown on an overnight express, it does not imply that such service is available all night. In addition, this service may be for couchette and sleeping car passengers only.
